

2024 ASPE Expo Exhibitor Prospectus

The Only Event Focused on the Plumbing Systems Design Industry – Showcasing Innovation, Advancements & Experiences

Columbus Convention Center | Columbus, OH

Monday, October 21, 2024: 11:00 a.m. – 5:00 p.m.

Tuesday, October 22, 2024: 10:00 a.m. – 3:00 p.m.

“The most valuable aspect was meeting the vendors face-to-face and getting hands on experience with what exhibitors offer. It is one thing to specify a certain plumbing fixture, and another to physically see and learn how it works and why it does what it does.”

– Plumbing System Designer at East Hills Engineering

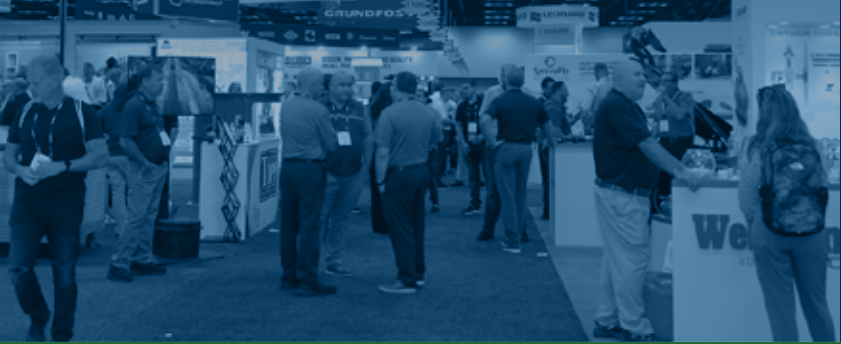

Save Your Spot

Network with industry peers

We Bring the Qualified Audience!

The majority of ASPE's Expo audience are plumbing engineers and designers – more than you'll find at any other event! We bring the big companies to you so you can get business done. Engineering firms who attended in 2022 include:

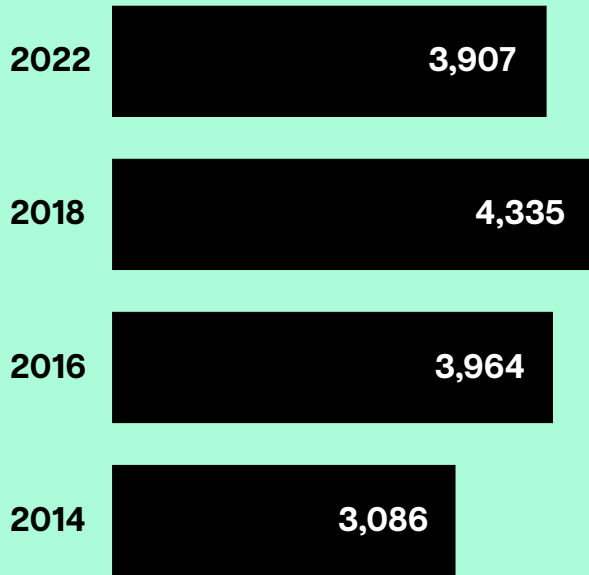

Jordan & Skala Engineers

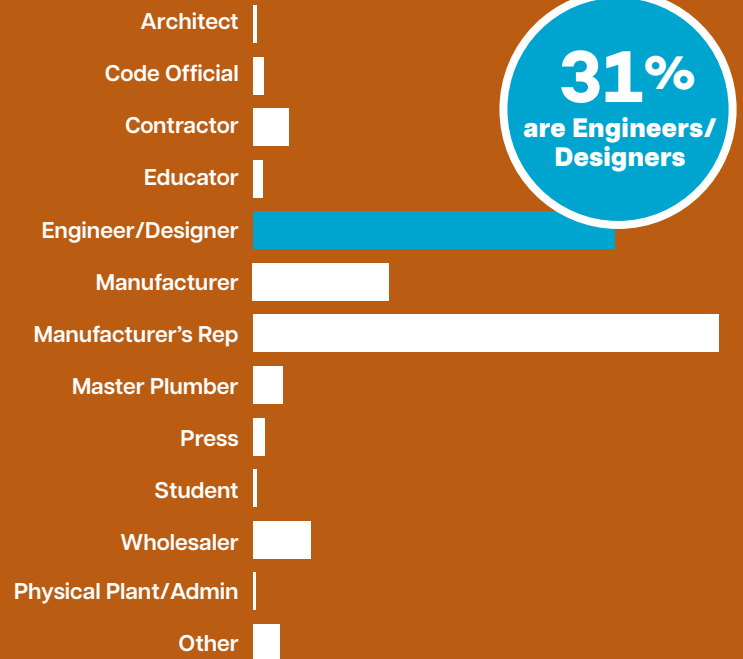

The ASPE Expo offers **the largest display of plumbing engineering design products and services** available anywhere. If you want to get your products specified for commercial, industrial, institutional, and commercial-residential projects, you need to be here!

Total Attendance By Year

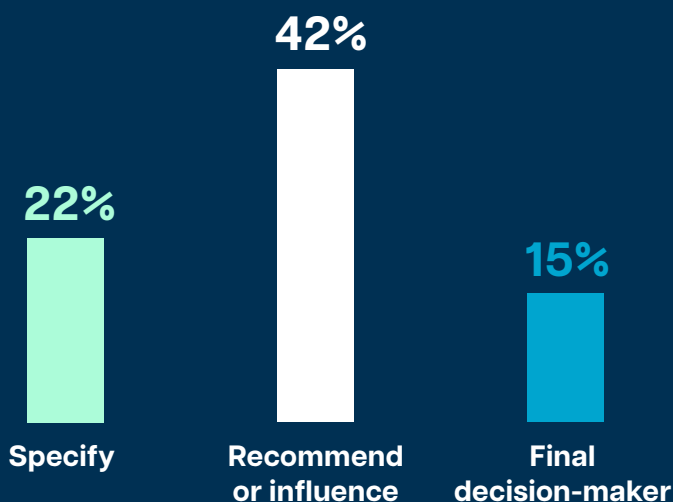

Top Attendee Job Functions

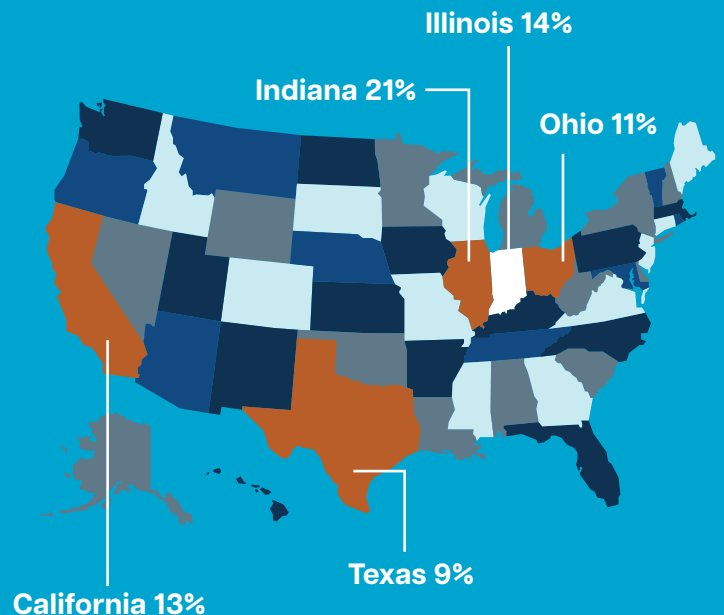

Plumbing engineers, contractors and designers view the ASPE Convention & Exposition as a **must-attend event** that is integral to their professional development and the specifying process.

Role in Purchasing Products and Services in 2022

Meet thousands of decision makers—connect with two years' worth of contacts in just two days!

Top 5 U.S. States Attending in 2022

Spotlight Your Technical Solutions
Stand Out From Your Competition!

The ASPE Convention & Expo is the only plumbing engineering design event where exhibitors are encouraged to highlight the technical aspects of their innovations. This provides an invaluable opportunity to directly educate and influence a highly engaged audience of engineering and designer attendees.

Showcase your products and technologies in your booth as well as in the Innovation Theater or on the Innovation Wall. ASPE is where attendees come to find your cutting-edge solutions!

We Keep Attendees ON the Show Floor

The ASPE Convention & Expo is 100% focused on bringing qualified decision makers to your booth. As a result, attendees stay on the show floor the entire day, captivated by the quantity and quality of solutions found only at the ASPE Convention & Expo:

- **Innovation Theater** – From the inner-workings of your products and services to the latest and greatest the industry has to offer, the exhibit floor provides exhibitors the opportunity to highlight and present their products and innovations right on the show floor.
- **Food** – Lunch and snacks are provided on the show floor to all attendees.
- **Prizes** – All attendees are eligible to win prizes throughout the day, enticing them to stay on the expo floor all day long.

How to Have a Successful Booth at the 2024 ASPE Convention & Expo

Design

Your display around engineering concepts and delve into technical details

Display

Working models that provide attendees with a hands-on opportunity to learn

Bring

Technical experts and product engineers who can talk about the details and specifications related to your products and services

Launch

New products that showcase innovation, value and efficiency

Exhibitor Benefits

As part of your exhibitor package, all 2024 ASPE exhibitors receive:

- > **Access** – complimentary entrance for all exhibitor personnel to the Sunday night kick-off party

- > **Opportunity** – by exhibiting, you can participate in ASPE's booth-traffic generating Patron Program or select from a wide array of sponsorship options

Expo Dates

- > **Monday, Oct. 21, 2024:**
11 a.m. – 5 p.m.
- > **Tuesday, Oct. 22, 2024:**
10 a.m. – 3 p.m.

Exhibit Space Fees

\$34 per square foot

Who Should Exhibit

Our show floor features hundreds of companies showcasing innovation, advancements, and experiences.

- > Accessories
- > Actuators
- > Air valves and systems
- > Automatic valves
- > Carriers
- > Compressors
- > Computer software and CAD systems
- > Control, automatic and flush valves
- > Design Consulting
- > Disaster preparedness /prevent on/recovery
- > Drains / drain systems
- > Drinking fountains / Water coolers
- > Faucets
- > Faucets – sensor operated
- > Fire protection equipment
- > Fire pumps, engines, controllers, accessories
- > Fixtures – stainless steel
- > Fixtures – tubs / toilets / basins
- > Grease oil and solids interceptors
- > HVAC
- > Industry Association
- > Media / Association
- > Pipe couplings, fittings and systems
- > Piped gas systems
- > Plumbing booster systems
- > Plumbing fixtures and fittings
- > Project management tools
- > Pumps and tanks
- > Rainwater / stormwater collection systems
- > REVIT / BIM provider
- > Safety and emergency equipment – eye & face wash
- > Safety and emergency equipment – showers
- > Safety and emergency fixtures
- > Safety Products & Technology
- > Security fixtures
- > Sewage pumps and equipment
- > Shower systems
- > Sinks and basins
- > Tanks
- > Tanks – pressure
- > Tanks – storage
- > Toilet / toilet seats
- > Tools
- > Traps
- > Vacuum pumps and systems
- > Valves
- > Wash fountains
- > Water heaters
- > Water heaters – boiler
- > Water heaters – electric & gas tank type
- > Water heaters – instantaneous
- > Water treatment
